

Living in the Mode of Grace

Transforming Lives

October 2022

Dear friends of GraceMode,

This letter has been a long time in coming, but the work of reaching people for Christ has been moving forward non-stop, both here and on the foreign fields. God is using our humble ministries in giant ways, and I can't wait for you to get a feel for what is happening! I can't fill you in on everything in a short letter, but let me at least touch on these things and promise that more is on the way!

First, let me update you on Eloise and me. I have now been the pastor of Liberty Baptist Church in Pueblo for seven months! That change in responsibilities and time commitment has been huge! The blessings are enormous, and the task is only possible because of God's leading, strength and provision.

Pastor Al & Eloise Dagle

We believe that this is of the Lord, and God is bringing us some delightful signs that He is with us.

Eloise has had some health issues, but God has been with us all the way through each one. Last week she tripped and broke her leg (distal fibula nondisplaced fracture). The purple cast slows her down, but it won't keep her down! We've been able to visit relatives in Kentucky and Illinois over the summer, but mostly, we stay busy in our ministries with church and GraceMode. Life refuses to slow down for us, and that will keep us young! We'll celebrate our 53rd wedding anniversary on Nov. 22nd.

Peter Kuruc is back in Pueblo, filling in as Interim pastor at Grace Community Bible Church. All is going well. Please pray for direction and God's will as the next month and a half plays out. More?

Pastor Prem Raulo, in India, is working with three orphanages (90 kids), and his evangelistic ministry is keeping him on the more almost constantly!

Pastor John Olwanda, GraceMode Kenya, is amazing us with his ministry to his sewing students, his church family, and other church leaders in the area. I just got word that his church compound now has a water well, being prepared to provide good water to his whole community! God provided this as an unexpected gift to be used for God's glory! His family is enjoying good health, too! Praise the Lord! I just got this picture today! Soon the pump will be blessing the whole community, thanks to this church!

Bishnu and Goma Budhthapa are doing so much that I can hardly begin, but they are reaching people in hospital ministry, teaching Christian workers in outlying areas of Jumla, and they are planning another Christmas outreach to a previously unreached village, providing each child with what is needed, such as coats or shoes (That need is being decided shortly). Recent flooding and landslides in Jumla District are weighing heavily on Bishnu, who is hoping to help rebuild a school that was just destroyed. Always remember that the work is 24/7/365. All four have had health issues recently, but right now, things look fairly calm, for them

You are cordially invited to join us for our ministry banquet on Saturday, November 12, 2022!

Our Board of Directors is throwing a party to shine a light on the ministries of GraceMode! Please reserve your seat to enjoy foods from our mission fields and inspirational updates from our missionaries. You will want to join us, and we'd love to have you bring your pastor and families, too!

We'll be back at the El Pueblo History Museum for a great evening! It all starts at 6 PM. (See the flier & save your seat.)
