

Phase One of our Nepal Christmas Project 2025

On 15th December, we joyfully celebrated our Christmas program with Jesus Christ and His love for people as our center point. Through fellowship, sharing, and practical acts of love, many hearts were touched. As we have planted the seed, our local pastors and believers will continue follow-up with the contact persons to nurture these relationships and walk with them in faith.

I had been asking and seeking help from different organizations and sectors, but I did not receive any response. I have known Bishnu for a long time and know that he is actively involved in serving people in need. One day, I approached him for help. He humbly shared that After some time, he informed me that they had some resources available and asked what our greatest need was. Without hesitation, I requested bed sets, as this was a critical need for these children with disabilities. If we had approached government organizations, it would have taken a minimum of 8 to 9 months. However, within just one week, Bishnu and his organization provided bed sets for our children, many of whom did not even have proper clothes or bedding to sleep on. I truly believe this is what true religion looks like — loving and caring for children in need. I am deeply thankful to everyone who helped provide warm beds and blankets for these children to sleep in during this freezing cold season.

From the school Principal

During the program, we also served handicapped individuals by providing beds, pillows, blankets and blanket covers, expressing Christ's compassion in action! We sincerely thank you for your partnership and support! All glory belongs to God, and we are grateful to walk this journey together for His Kingdom and His glory!

BEFORE

AFTER

We sincerely thank you for your prayers and for investing in this ministry. Your support is making a real difference. We still have many needs ahead, and we are now planning to reach 40 orphaned individuals by providing them with complete bed sets, including a mattress, pillow, blanket, and covers. Our goal is \$60 per person for 40 orphans. If God leads you to partner with us in this effort, you may share your donation through GraceMode. Most of all, please continue to keep us in your prayers. Thank you for standing with us. **TEAM NEPAL**
